Goal #1 teacher professional development to improve instruction

- The staff will attend the Utah Rural Schools conference.
- We will have SmartBoard training & software upgrades.
- Special Education training will take place for all staff.
 - Still needs to take place. Mr. Ward will meet with Mrs. Westover and get that scheduled out.
- We will provide Paraprofessional training/staff training throughout the school year. (2 days before school starts and 4 Fridays throughout the school year).
- We want to provide Ready Math Training for staff (onsite or virtual) if we can find a way to support this expense financially.
 - Can do additional training with Brenda. Either in person or virtually.

- We are planning on additional training if we can find other ways to fund them. These training opportunities are LETRS and CKLA.
 - Mrs. Westover has done two of the three pieces of training thus far.
 - It would be ideal to get Mrs. Timm and Mrs. Lewis set up with some of the training. Maybe on one of the teacher workdays that we have the Paras come in.
