Community Council Meeting Minutes  
March 13, 2018

We followed the agenda and wrote our first draft of the plan for the 2018-2019 school year. We created our goals for this plan and wanted to incorporate a writing aspect within our reading and literacy goal. Although our plan is similar, we have and desire to make some changes to how we implement it and the action plan with some different resources. We also wanted to implement a character education goal, but we need to look at it more and then possibly amend the plan to make that happen. We did vote and approve the draft plan for next year. The plan draft will be presented to the board for school board approval.

We did vote and approved to amend the current plan to allow for teacher professional development opportunity in June. This will be presented to the board on Monday at board meeting.

We gave our visitor at the meeting an opportunity to address the council.
