ADMINISTRATION OF MEDICATIONS

Before any over the counter medications (Tylenol, Ibuprofen, etc) are given to students, the parent must complete the Over-the-counter medication form and return it to the school to be kept on file in the office.

Appropriately trained school personnel shall be authorized to assist students in the administration of prescription medication or to administer prescription medication to students while on school property or off-campus on official school business when failure to take such medication during the school day could jeopardize the student's health.

Prescription medication can only be received in the original bottle/container and must be clearly marked with the name of the student, the name of the medication, directions concerning dosage, physician's name, and title and pharmacy's name, address, phone number. Parents must also complete the medication administration form before any medication can be administered.

Medication will only be received from the parent/guardian or other authorized adult designee. The school nurse or other authorized personnel are the only members of the faculty that are authorized to receive medication.

Storage of Medications

All prescription medications received at West Desert Elementary School will be received as indicated above and secured in a designated locked area.

**A parent claiming an exemption to immunization for medical, religious, or personal reasons shall provide the student's school or early childhood program the required completed forms from the Health Department. Students not immunized will be excluded from school should an outbreak occur of one of the above-listed diseases.*

The Board shall comply with any modifications or deletions in the required immunizations that may be made by the Department of Health. TSD Policy FDB

WHY ATTENDANCE IS IMPORTANT

We believe that a child cannot meet his or her potential unless attendance at school is regular. Classroom activities and lessons involve teacher and classmate interaction.

Our goal this year is to have 95% attendance and we will be celebrating students throughout the school year who meet that goal.
