

Teacher and Student Success Plan
West Desert High School
April 2023

1. Have the most current technologies in the school and available for all staff and students.
 - a. Maintain internet connectivity and bandwidth (infrastructure)
2. Improve the school environment through maintenance of building and grounds
 - a. Change hallway bulletin boards to highlight school activities and students
 - b. Plant grass, repair sprinkler system and maintain it
3. Provide students with a wider variety of courses through an online educational system.
4. Increase interaction of students with other schools and outside instructional opportunities
